

ABOUT US

The Bay Area Crisis Nursery's (BACN's) ultimate goal is that all children are safe, healthy, and thrive both emotionally and physically. Our mission is simple, yet powerful, to prevent child abuse and neglect through providing supportive services to families. We provide a warm, safe, loving, homelike care facility.

We are the only crisis nursery in the San Francisco Bay Area. Since 1981, we have provided short-term residential care for almost 30,000 children!

In October 2020, BACN expanded our services to offer free emergency childcare services daily from 7 am - 7 pm. Families can enroll their children for a few hours or a whole day. We are thrilled about this expansion and what it means for our community.

The families who come to us are living in poverty, homeless, escaping domestic violence, dealing with medical and/or mental health emergencies, or have suddenly lost their childcare provider. These are among some of the reasons that families reach out for support. For our families, paying for quality childcare, and overnight care, is inconceivable. Our parents are brave, and our services bring them hope.

To ensure continued success for our families, BACN also provides a Respite Care Program, offering 48-hour monthly visits. This allows families the time they need for continued stress reduction.

WHAT WE DO

We are a no-cost resource for families with young children ages birth through 5 years. Our services strive to build safe, strong, and stable families through a Family Resource Model.

We assist parents and caregivers in dealing with life's stressors by providing services that promote learning and development, parenting skills in a non-judgmental environment, and parental support to resolve stress and crisis situations. All our services promote protective factors proven to strengthen parent/child relationships and help children and families thrive.
